A GUIDE TO FEYNMAN DIAGRAMS IN THE MANY-BODY PROBLEM (PAPERBACK)

Dover Publications Inc., United States, 1992. Paperback. Condition: New. New ed of 2 Revised ed. Language: English. Brand new Book. "A great delight to read." -- Physics Today Among the most fertile areas of modern physics, many-body theory has produced a wealth of fundamental results in all areas of the discipline. Unfortunately the subject is notoriously difficult and, until the publication of this book, most treatments of the topic were inaccessible to the average experimenter or non-specialist theoretician. The present work, by...

Reviews

This ebook is great. It is definitely basic but shocks from the 50 percent of your publication. Its been printed in an exceedingly basic way and it is only right after i finished reading this book where basically changed me, modify the way in my opinion.

-- **Mckayla Ritchie**

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Keanu Johns**
